

Sing Out Help Out Submission Instructions:

Your 2-minute (max) contemporary music theatre video submission should show your belt range. If you are more of a classically trained singer, something from the legit music theatre genre is fine too.

Must be Canadian residents who are 16 and up. **IMPORTANT: Make sure your 2 minute video submission is attached, film with your device horizontally, ensure accompaniment isn't louder than you (use of a track or acapella is fine too). Start tape with: NAME, title of song and your location, then go into song.**

If you would like to donate to The AFC go to: <https://www.cwblabs.com/sing-out-help-out/>, donation appreciated but not mandatory.
